

Amendments to the Specification:

Please replace the paragraph beginning on page 2, line 18 with the following rewritten paragraph:

Q1 --Many events occur under varying lighting conditions. For example, a wedding may involve indoor and outdoor photography. The desire to match film capability to the conditions can proceed without penalty. Some film format systems, such as APS (Advance Photo System TM), are designed to allow mid-roll film changes. With this invention any film can be used in this manner. This invention encourages the photographer to process the film immediately and deliver the best possible images--.

8. (original) The method claimed in claim 4, wherein the credit for photographic product or services are credits toward the purchase of photographic equipment.
